Re: MUR 4544

Dear Mr. Turley;

I am in receipt of your letter dated 11/19/96; as you requested, I am enclosing the correspondence I had with C-Span in regards to the "missing" videotape; as you can see, the SECOND copy of Common Causes' press conference regarding campaign finance law violations by BOTH parties is being sent to your organization by UPS, so it will have to be signed for. In fact, Ms. Elliot should receive it before you receive this letter.

I'm afraid your assurance that "prompt action was taken on my complaint" does not quite explain the "anomaly" regarding the date on the letter vs. the post-mark date which, combined with the mysterious "loss" of a PRIORITY MAIL PACKAGE, has resulted in the majority of the American people not learning of the extent of the fraud perpetrated by BOTH parties before the election just past. Since Mr. Fowler and Mr. Barbour have already made public statements that "the other party did it, too" when questioned about their respective party's alleged crimes; and since your organization is made up EXCLUSIVELY of members of these 2 parties; and since, as stated in the enclosed article, Ms. Reno has already refused to appoint an independent counsel to investigate these alleged crimes (even though this is EXACTLY the kind of case for which an independent council is to be used); just how much confidence do you suppose I have that my complaint will be "investigated"? (Especially in light of the "loss" of my complaint regarding the well-documented yet ongoing (in my case for 5 YEARS) fraud in the Brooklyn Surrogate Court by the Southern District of the US Justice Dept.?)

RECEIVED  
FEDERAL ELECTION  
COMMISSION  
OFFICE OF GENERAL  
COUNSEL

Your letter is full of the same platitudes which are recited to the public every day, and they carry about as much weight as OJ's claims of innocence. Please be aware that the glaring hypocrisy of those who make the laws and are entrusted to enforce those laws, yet continually demonstrate that they hold themselves above those laws is what is responsible for the pollution of the spirit smothering this country (explanation enclosed). And although your letter demonstrates remarkable restraint in the face of my obvious contempt for your "profession"; I am well aware that it stems from your professions' false belief that there is nothing "the people" can do to regain the power stolen from them by the unconstitutional number of your peers in ALL levels of government. **WE SHALL SEE.** Because although there is a skyrocketing number of citizens turning to terrorist tactics to vent their frustration, which is obviously self-defeating; there is an EQUALLY skyrocketing number of citizens, like myself, who realize that exposing the criminals selling out this country for their own financial gain to those who don't know that they don't know is all that is needed to start the revolution needed to salvage this country. (It HAS been done before, you know...); **ALL THAT IS NEEDED IS A LEADER.** And because this country is SO sick, apparently a DOCTOR has been chosen for the job. My soldiers will be the young people, so hungry for a leader who walks the talk; as well as members of both the "Americans for Legal Reform" and the AMA, which have been TORTURED by your profession to the point that they are willing to spend the time and resources necessary to get the job done. We are in the organizational phases now; and since I will be challenging Alfonse D'Amato for his senate seat in 1998 as an Independent, I will need whatever packet of information which you send to candidates ASAP (as people are already BEGGING me to take their contributions). And since my outspokenness with your organization will lead to the HIGHEST level of scrutiny, I must make sure that I follow all your laws (even though no one else does). Please be advised that I WELCOME such scrutiny; as one who has ALWAYS walked the talk, I have the authentic power which such a life bestows. And the rejuvenation of a country who sees this for themselves will start to clear the suffocating pollution of the spirit which the hypocrisy of those now in power has caused. It has already started in my community, where the young people flock to me to listen to my message of hope.

Why am I telling you this? Because I am well aware that my letters and faxes to a number of people in Washington have likely been used to start an FBI file on "the crazed doctor who hates lawyers". (In one of my NEXT faxes, I will be requesting Arlen Specter, (who sat in judgment of Dr. Henry Foster and criticized him for performing perfectly legal abortions), to comment as to why he did not feel it relevant during his attempt to obtain the Republican nomination for President to inform Americans of the MURDERERS he set loose in his previous life as a defense attorney; in particular, a Mr. Ira Einhorn, who BUTCHERED HIS GIRLFRIEND AND KEPT HER IN HIS CLOSET UNTIL HER ROTTING REMAINS STARTED LEAKING ON HIS DOWNSTAIRS NEIGHBORS. Mr. Specter's services to Mr. Einhorn included getting this MURDERER released on BAIL; which he

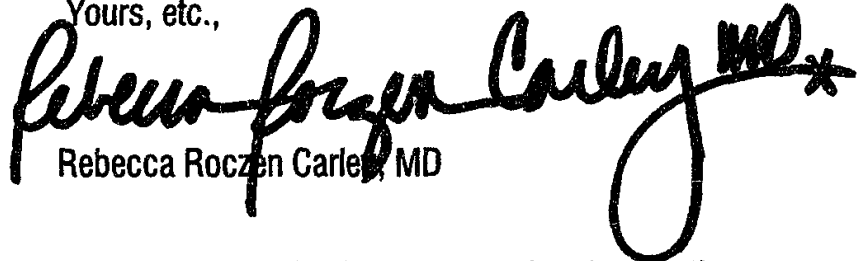

predictably skipped out on OVER 20 YEARS AGO; HE IS STILL MISSING. Call me "crazy" but I believe that the American people will be even MORE upset about this revelation than they were about how many abortions were performed by Dr. Foster; this being but ONE of my many examples of how lawyers are not held to the same standards to which they hold EVERYONE ELSE whom they haul off to court; ESPECIALLY PHYSICIANS. (Another example will be your statement that "the heavy volume of complaints in the final weeks leading up to this year's election" may be a factor to help explain the various anomalies and discrepancies ALREADY tainting your "investigation" of my complaint. It's funny; but when I had 15 gunshot victims brought into the Emergency Room at the SAME TIME on a night which I was in charge after a local social club was oozed, I never even CONSIDERED an excuse of heavy volume being responsible for anyone dying so that I could move at a comfortable pace; instead, I WORKED WITHOUT A BREAK FOR 18 HOURS IN A ROW; and EVERYONE not only survived, but had a GOOD OUTCOME.) Since the exposure of criminals about to be elected could save the country UNTOLD devastation and cost in conducting investigations on people already in office; why would such investigations not be given the same emergency treatment? The answer is clear; the Republicrats whom hired you are the guilty parties. And what would have happened to your group had a 3rd party candidate been elected due to the exposure of the massive fraud uncovered by Common Cause being revealed to the general public BEFORE the election? Yes, the reason for the mounting "discrepancies and anomalies" is QUITE apparent.

At any rate, to GUARANTEE that I have an FBI file, I am enclosing the political cartoon and accompanying handout which myself and my 14 year old baby-sitter created just to make sure that you realize how dangerous my poison pen has become. (In fact, I will even admit that I was arrested for harassment after I faxed one of the MANY lawyers whom has defrauded the estate of which I am co-executor and heir a fax in which I called her a "landshark" after I caught this lawyer, (my MAID OF HONOR when I was married), embezzling thousands of dollars from said estate, suppressing evidence to prolong probate, etc. (Note that my 150 page complaint to the grievance committee enclosing proof of the multiple REAL crimes this lawyer committed was dismissed, as expected, after the committee's 9 month "investigation".) My lawyer advised me to plead guilty to a violation; since the initial harassment charge was a misdemeanor; and had I been found guilty of that, I WOULD HAVE LOST MY MEDICAL LICENSE (And of course, that is EXACTLY what the judge wanted; she informed me that "I can't say things like that about a lawyer"! So much for the 1st amendment.) Why do I want to make sure all my correspondences to your fellow lawyers throughout Washington have an FBI file to go into? Because it has been said that Winston Churchill is the ONLY man who ever prophesied history, made history, and changed history. And that FBI file will PROVE in the future that it has been done once again-only this time by a WOMAN.

-4-

In closing, then, I will wait for YOUR letter dismissing my complaint. Please make sure you also send me whatever information explains the laws which candidates are expected to follow as they collect contributions; since the return receipt received when this certified letter is signed for will prove that I requested it. Or can you also charge candidates whom are NOT above the law (i.e., those independents or 3rd party candidates whom are NOT LAWYERS) with violations of laws which they are not even told about? We shall soon see...

Yours, etc.,

Dear Ms. Alsup;

I am writing in regards to an order which I placed for a video of the presidential campaign law violations reported by Ann McBride's Common Cause (#75811), which aired on C-Span. It was to be sent to the FEC as part of a complaint I submitted. Although the invoice you so kindly sent me states that said video was shipped via priority mail on 10/21/96 to the FEC; as stated in the enclosed copy of the reply I recently received from the FEC dated 11/1/96, THEY HAVE (allegedly) NOT YET RECEIVED THE VIDEO.

Since this commission is appointed by members of the 2 parties whom are alleged to have committed criminal violations in the last election cycle, their claim of not having received this video is, to say the LEAST, suspect (especially since I received the copy I ordered for myself on 10/24; this video was ordered on the same day as that ordered for the FEC). However, since my complaint is of the MOST serious nature; and, since the refusal of the FEC to evaluate my complaint before the election has resulted in the American public being prevented from seeing the light before the election just past; it is CRUCIAL that the status of the aforementioned video be determined and documented. I therefore request that you put an immediate tracer on the video you sent out on 10/21/96 to the FEC, and that the results of that tracer be sent to both myself and the FEC. Should your tracer be unsuccessful, I expect that a replacement video will be sent ASAP to the FEC without further charge to myself. Since the FEC has mysteriously "lost" the copy already sent them, I trust that you will send the replacement video in such a way that receipt is documented. Your prompt response will be very appreciated; and I would like to thank you for the invaluable service you, along with C-Span, provide the public. The Revolution (#2) is underway....

Sincerely,

  
Rebecca Roczen Carley, MD

## WORLD/NATION BRIEFS

### Justice's Campaign Probe

Attorney General Janet Reno rejected Friday a citizen watchdog group's request for an independent counsel to investigate Democratic and Republican fund-raising in the presidential campaigns.

The Justice Department said, however, that Reno was creating a task force within its Criminal Division "to explore fully the range of allegations and issues that have been raised" and didn't foreclose the possibility of seeking an independent counsel later.

**Common Cause** contended in the request to Reno on Oct. 9 that the campaigns of President Bill Clinton and Republican Bob Dole committed "the most massive violations of the campaign finance laws since the Watergate scandal."

### Jewell Stories Defended

The newspaper that first identified Richard Jewell as a suspect in the Olympic park bombing last summer stood by its coverage Friday and refused the security guard's request for a retraction.

"It was not illegal, immoral or unethical to publish the story about the FBI's investigation of Richard Jewell," Roger S. Kintzel, publisher of The Atlanta Journal-Constitution said in a statement.

The newspaper broke the story three days after the July 27 bombing under the headline "FBI Suspects 'Hero' Guard May Have Planted Bomb."

### China Jails Dissenter

A human rights campaigner who fled China and returned with assurances he would not be punished has been arrested, beaten and sent to a labor camp, a human rights group said yesterday.

Family members visited Yao Zhenxiang at the camp on Oct. 15, their first meeting since police arrested him and his older brother on a Shanghai

EXCERPTS FROM ADDRESS GIVEN BY SYNDICATED COLUMNIST  
JACK ANDERSEN TO WASHINGTON INDEPENDENT WRITERS ON 10/10/96  
(Aired on C-Span on 10/11/96)

.....With all my heart and soul, I also believe that MORALITY MATTERS....the chief cause of the downfall of great civilizations in history has been MORAL DECAY....."

"I have looked for someone who could inspire us, like the founding fathers did 200 years ago....I found him in Czechoslovakia;....a playwright named Vashlev Hovvell (sp),...president of Czechoslovak and now the Czech Republic, who said....'When you came into our country, you couldn't help but notice the pollution the Communists have left us; our air is almost unbreathable, our water almost undrinkable. But the GREATEST pollution you would NOT have noticed, because it's an INVISIBLE pollution; a pollution of the SPIRIT.'

'Our people saw nothing wrong with :

LYING to the government that LIED TO THEM;

CHEATING the government that CHEATED THEM;

STEALING from the government that STOLE FROM THEM.

I'M AFRAID THEY'VE GOTTEN INTO THE HABIT'.....

'Our GREATEST danger is no longer Totalitarianism; we've settled that. It's not even the Mafioso that's rising in our midst; our GREATEST MENACE is OUR OWN BAD QUALITIES...What Czechoslovak needs is a MORAL RESURGENCE'...."

(Mr Andersen continues...) "And as he spoke, I could almost hear our founding fathers;.....especially James Madison, the father of our constitution.....whom, although only 5'2"-5'3" tall; a small man in stature,.....but probably of the greatest MORAL stature....he put it this way, when talking to his fellow founders (as he is the FATHER of the constitution)...

'Men are NOT angels; and BECAUSE they are not angels, they NEED government.

The LESS like angels they are, the MORE GOVERNMENT they need; but the MORE like angels they can become, the LESS government they will NEED.

If we are to govern OURSELVES, we MUST have high moral standards;

we must obey the UNWRITTEN laws; and if we DON'T obey the unwritten laws, they will have to be replaced by WRITTEN laws; and

**EACH NEW WRITTEN LAW WILL ERODE OUR FREEDOM'."**

(Mr. Andersen continues...) "And I will add to that; that WHEN POWER IS CENTRALIZED BY ONE GROUP, WHOSE MEMBERS MONOPOLIZE ALL LEVELS OF GOVERNMENT; when that group starts writing LOOPHOLES which they will SELL to ANY criminal, polluter of the environment, or dealer in fraud on the people; WHEN THAT HAPPENS, IT WILL BE POSSIBLE FOR THEM TO DESTROY THE VOICES OF THOSE WHO ARE TRYING TO SHOW THE WAY." (END of Mr. Andersen's comments).

Mr. Andersen, the voice of one whom has spent FIVE YEARS seeking justice adds the following; THE ABOVE HAS HAPPENED; as the group monopolizing ALL levels of government (federal, state, & local) is the ABA, whose members sell loopholes for cash to those DESTROYING our country, yet able to pay; while the hungry and mentally ill unable to purchase those loopholes go to JAIL for STEALING A CANDY BAR.

### Jury fails to solve Beverly Hills murders

A JUDGE has declared a mistrial in the murder case against one of the two defendants who admitted killing their wealthy Beverly Hills parents.

The trial of 20-year-old Michael dropped on the six-month-old jury declared the 10 days before finally deciding that they just didn't know whether he planned his parents' slayings.

A mistrial was declared yesterday after the jury and Judge Stanley Weisberg, a heavy favorite

Amid doubt  
controversy

SAN FRANCISCO — O.J. Simpson walked out of court in a triumphal procession, greeted by a cheering crowd of supporters. The victory was a mixed blessing, as it meant the end of a long and costly trial, but it also left many questions about the justice system. The jury's decision to acquit Simpson on all charges has sparked a nationwide debate about the reliability of the legal system and the role of the media in shaping public opinion.

### Judge Rebuked After a Woman Is Slain

George A. Finkle and Mayor John V. Lindsay yesterday criticized a Southern judge for issuing a mistrial in the slaying of a woman who had been charged with murdering her husband. Finkle and Lindsay said the judge's decision was a disgrace and that it showed a lack of respect for the law. They called for the judge to be rebuked for his actions. The judge, who was from the South, had declared a mistrial in the case of a woman who had been charged with murdering her husband. The woman had been charged with the murder after a long and complicated trial. The judge's decision to declare a mistrial was seen as a major setback for the prosecution and a victory for the defense.

Don't worry, sir- there are SO MANY of us attorneys controlling the media that we should be able to prevent the obvious analogy between Hitler's rise to power by controlling the media and how the Republicans are following suit (we'll just make sure those 3rd party candidates don't get in the debates to ask those HARD QUESTIONS!!)
